Subject: RE: Accessing the GCS Class VI Permit

Actually there is very little information in the GSDT other than CBI codes.

Hi Corey,

You are correct viewing rights have to be assigned, we are confirming with GCS that it is okay to do so.

Thanks Nancy. It doesn't look like I have admin rights to access that application unless I'm doing this wrong. Does someone need to formally assign viewing rights to me for LA0002?

Molly – Is possible to grant LDNR UIC staff access to what is actually in the GCS permit in the GSDT? For them to be granted access to our One Drive submittal, we would have to make sure we first address the CBI issue (most of the GCS One Drive material) with LDNR to ensure they followed all R6 CBI protocols.

Subject: Accessing the GCS Class VI Permit

Ken,

Myself and several of our staff have been granted access to the EPA GSDT. I was hoping to look at some of the documents that Gulf Coast Sequestration has submitted but it seems that we need to request access to that particular permit. Would it be possible to grant myself, Laura Sorey, Holton Hinchliffe, Kellie McNamara, and Steve Lee access to view the permit? I'm especially curious in the near term to see how many wells they have applied for.

Thanks!
